Introducing the BR100 Premium Quality Black Rock Grill

Built like a Tank with huge weight capability and high temperature insulation. BR100 ovens are handmade using only the most durable and hi grade steel and fabrication processes. This ensures that the BR Range is the most hardwearing and heavy duty, in the market place. The BR Range have the most superior high temperature insulation material available making them economical to run. These ovens may cost more than our competitors, but they will also out last our competitors.
