- 5 Year Warranty

Introducing the BR60 Premium Quality Black Rock Grill

The BR60 is a mid sized oven that has 2 x rock shelf's. Twin heat controllers allow different temperatures across the two storage shelf's of rocks. So if you want to focus more on a seafood range, you can set a lower temperature on the bottom shelf. The BR range is hand built, we've sourced only the very best components and materials, including the highest levels of high temperature insulation.
